Message from the Managing Director & CFO

Dear Stakeholders,

It gives me great pleasure to present to you the performance overview and strategic outlook of Anmol India Limited for the financial year 2024-25.

Over the past year, the global energy market continued to experience volatility driven by geopolitical developments, evolving environmental policies, and fluctuating demand. In this dynamic environment, our Company has stayed resilient and responsive, leveraging its strengths in supply chain management, customer relationships, and market intelligence to deliver consistent performance.

We are pleased to present the company's full-year FY25 financial results, which, while reflecting short-term challenges, underscore our long-term commitment to sustainable growth and operational resilience. Revenue from Operations declined by 15.12%, from Rs. 1501.24 Cr in FY24 to Rs. 1274.26 Cr in FY25, primarily due to external market conditions. However, the strength of our underlying business model and the strategic steps we've taken have positioned us well for future recovery and growth. EBITDA stood at Rs. 25.66 Cr in FY25, down from Rs. 41.89 Cr in FY23, a 38.74% decrease. Our Profit After Tax (PAT) was Rs. 6.99 Cr, compared to Rs. 20.90 Cr in FY24, marking a 66.55% decline. Despite these figures, we have taken decisive actions to optimize operations, improve cost efficiencies, and strengthen our core capabilities. We remain fully focused on driving long-term value, and our disciplined financial management ensures we are well-prepared to navigate challenges and capitalize on future opportunities. We deeply value the continued trust of our stakeholders and are confident in our strategy for sustainable and profitable growth.

We expanded our sourcing network, diversifying both domestic and international supply lines to ensure reliable availability and competitive pricing for our clients. Our logistics capabilities, including port handling, warehousing, and last-mile delivery, remained a key differentiator in a challenging market.

As coal continues to play a critical role in India's energy mix, we are mindful of the growing emphasis on responsible sourcing, environmental compliance, and carbon reduction. We are actively engaging with suppliers and customers to promote cleaner, low-ash varieties of coal, and improving transparency and traceability across our supply chain.

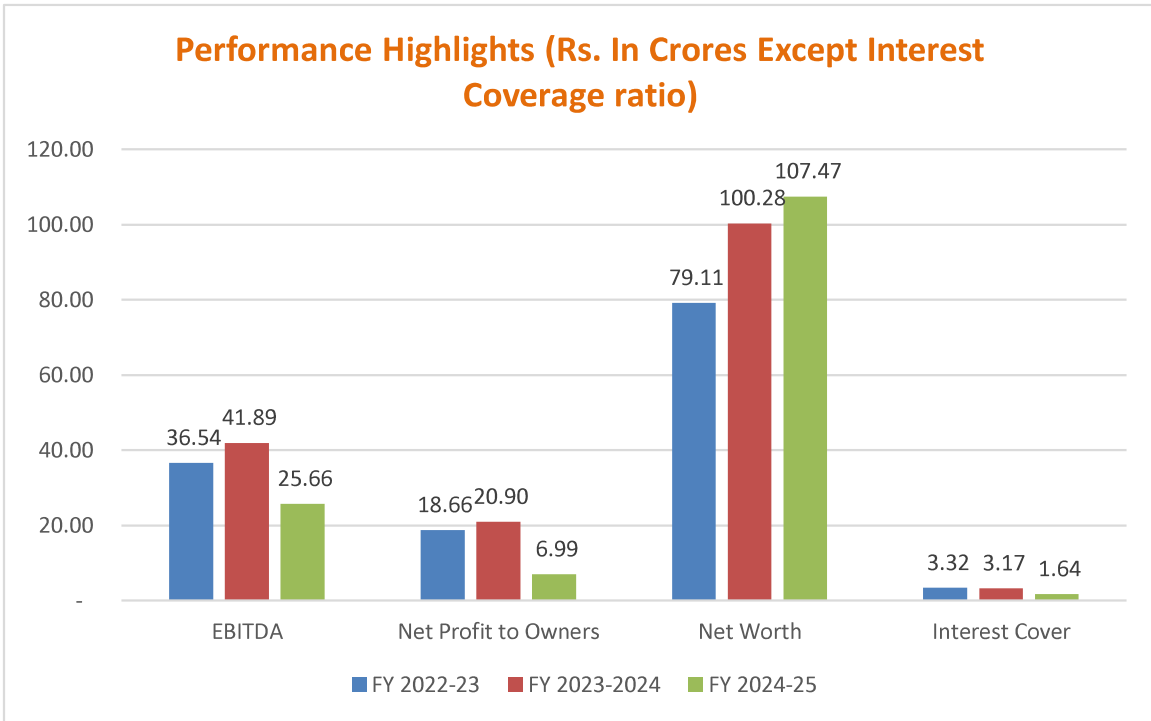

We are also aligning with government reforms and trade regulations, ensuring full compliance while adapting swiftly to changes in import policies, GST norms, and coal pricing mechanisms.

We are optimistic about the opportunities that lie ahead. Demand from key industrial sectors remains strong, and with the government's focus on infrastructure and manufacturing, coal will continue to be a vital input for years to come. At the same time, we are evaluating diversification into related energy commodities, digitalizing trade operations, and exploring long-term partnerships to enhance supply stability and customer service.

I would like to extend my sincere appreciation to our shareholders for your continued trust, to our clients for your ongoing business, and to our employees for your dedication and professionalism. I also thank our board of directors, partners, and government authorities for their support and guidance.

With your continued backing, Anmol India Limited is well-positioned to deliver sustainable growth and long-term value.

Vijay Kumar
Managing Director & CFO

The instructions for shareholders voting electronically are as under:

16. The voting period begins on 23rd September, 2025 at 10.00 A.M. and will end at 5.00 P.M. on 25th September, 2025. During this period shareholders' of the Company, holding shares in dematerialized form, as on the cut-off date 19th September, 2025 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
17. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
18. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.
19. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.
20. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Management Discussion and Analysis Report

Economic Overview

The global economy in FY 2024–25 faced a mixed outlook, shaped by continued geopolitical tensions, inflationary pressures, and varying monetary policy responses across countries. While advanced economies experienced moderated growth due to high interest rates and subdued consumer spending, emerging markets, particularly in Asia, showed resilience supported by domestic demand and policy support.

India remained one of the fastest-growing major economies during the year, with GDP growth estimated at 6.8% (as per government and RBI estimates). The growth was primarily driven by strong performance in the manufacturing and services sectors, robust infrastructure investments, and stable private consumption. The government's focus on capital expenditure, energy security, and industrial self-reliance through initiatives such as Atmanirbhar Bharat, PLI schemes, and energy transition programs further supported macroeconomic stability.

Inflation, while elevated in the first half of the fiscal, moderated gradually due to monetary tightening by the Reserve Bank of India (RBI) and easing supply chain constraints. The average Consumer Price Index (CPI) inflation was within the RBI's tolerance band by year-end, while the rupee remained relatively stable against major currencies.

For the coal and energy sector, India's sustained economic expansion translated into higher power demand, increased industrial activity, and continued reliance on coal as a primary energy source. Despite the long-term global shift toward renewables, coal maintained its strategic relevance in the Indian energy mix, particularly for baseload power generation and heavy industries like steel and cement.

Going forward, India's macroeconomic fundamentals remain strong, with a positive investment climate, improving ease of doing business, and a strong push toward infrastructure and energy development. However, global uncertainties, supply chain risks, and the ongoing energy transition will continue to influence sectoral dynamics.

Indian Coal Industry Overview

Despite increasing emphasis on renewable energy, coal remains a dominant source for power generation and industrial fuel. In FY 2024–25, the coal industry witnessed moderate growth, driven by steady demand from the power and steel sectors. However, environmental concerns, regulatory challenges, and logistical constraints continue to impact operations across the value chain.

Globally, coal consumption remained under pressure due to clean energy transitions and decarbonization efforts. In contrast, India saw relatively stable demand as the economy continued its recovery post-COVID, with increased industrial activity and energy requirements. The Government of India's push for coal gasification and commercialization of coal blocks under the new auction regime is expected to drive long-term efficiency and investment.

1. Industry Snapshot

- India is the second-largest producer and consumer of coal in the world, after China.
- Coal continues to be the backbone of India's energy mix, accounting for around 55–60% of total power generation.
- The industry supports key sectors including power, steel, cement, fertilizers, and industrial heating.
- Despite India's focus on renewable energy, coal demand remains resilient due to increasing power needs and industrial growth.

2. Coal Market Trends

Production

- India's coal production reached a record-high of 998 million tonnes in FY 2023-24, an approximate 12% increase from the prior year.
- In the subsequent fiscal 2024-25, sustained momentum continued as private and captive coal mining expanded—propelling production past the 1 billion tonne milestone.
- The IEA projects continued growth, with India being one of few large producers expected to increase output into 2026 despite soft global demand

Consumption

- Domestic consumption stood at around 906 million tonnes in 2020-21, with the utility sector consuming over 64% of that total
- Electricity generation from coal surged through 2023–24, though thermal power consumption began declining in early 2025 due to a monsoon-related moderation of demand and a rapid ramp-up in renewables and hydro generation
- In H1 of 2025, overall coal power generation dropped 2.1% year-on-year, even as industrial coal use (notably steel sector) rose by an estimated 6%

Imports

- Total coal imports in FY 2024-25 declined by approximately 8% to 169 million tonnes, compared to FY 2023-24, saving India nearly US \$7.9 billion in foreign exchange
- India remains the world's second-largest coal importer, with imported volumes historically accounting for 20–26% of consumption—driven by needs for high-grade thermal and coking coal for power, steel, and cement industries
- Major suppliers include Australia, South Africa, Indonesia, and increasingly Russia, especially for coking coal. India's steel sector has begun shifting imports toward Russian coking coal, leveraging cost discounts and rupee-based payments

3. Sectoral Demand Drivers

- **Power Sector:** Coal-fired power plants accounted for over **70%** of India's electricity generation. In periods of high demand (e.g., summer and post-monsoon), coal supplied up to **77%** of total grid power.
- **Steel & Cement:** Continued infrastructure development under public schemes like Gati Shakti and PM Gati Shakti Master Plan boosted demand for coking and non-coking coal.
- **Industrial Use:** Non-power industries such as bricks, chemicals, and paper also contributed to steady demand.

4. Policy & Regulatory Developments

- **Commercial Coal Mining:** The auction of coal blocks under the commercial mining regime continued, with increased participation from private players and foreign investors.
- **Coal Gasification & Liquefaction:** The Ministry of Coal accelerated projects on Underground Coal Gasification (UCG) and coal-to-synthetic fuels to support energy transition goals.
- **Sustainable Mining Practices:** Enhanced focus on land reclamation, OB (overburden) management, dust control measures, and afforestation in coal-bearing regions.

5. Logistics & Infrastructure

- **Rail Connectivity:** Indian Railways prioritized coal rake availability, reducing transportation bottlenecks.

- **Pit-head Plants:** Growth in pit-head thermal plants helped improve efficiency and lower transportation costs.
- **Digital Initiatives:** Deployment of real-time coal tracking systems and mine automation improved supply chain visibility.

6. Outlook for FY 2025–26

- The Indian coal market is expected to maintain steady momentum, with production likely to surpass 1.1 billion MT.
- Government support for clean coal technologies, including coal beneficiation, gasification, and carbon capture, will shape future investment priorities.
- Despite the global energy transition, coal is expected to remain a dominant energy source for India in the medium term, underpinned by its affordability, availability, and integration with power infrastructure.

Conclusion

Coal will continue to be a pillar of India's energy and industrial strategy in the near future. While the sector embraces innovation and sustainability, it remains instrumental in securing energy access and driving economic growth.

Business Overview

Anmol India Limited is one of India's leading importers and suppliers of coal, offering a comprehensive, end-to-end solution for diverse coal requirements. Over the years, the Company has established a strong reputation in coal import, commodity trading, and supply chain management, demonstrating consistent and robust growth since its inception.

Operating across over 100 locations nationwide, Anmol has built enduring relationships with clients through reliable services and a customer-centric approach. The company has recently undergone a strategic transformation, adopting an integrated and optimized end-to-end supply chain model tailored to the evolving needs of the commodity trade sector.

This holistic approach encompasses a wide array of services, supported by advanced research capabilities and a refined global sourcing strategy. Anmol has significantly strengthened its operational framework by streamlining key functions such as sea freight coordination, cargo handling, insurance management, fund allocation, inland logistics, and last-mile delivery.

These enhancements form a vital part of its ongoing expansion strategy, designed to build a more agile, efficient, and resilient system. As part of its forward-looking vision, the company is pursuing strategic diversification — both in its product portfolio and geographic presence — to drive growth, enhance adaptability, and strengthen its market position.

Listed on both the BSE and NSE, Anmol India Limited is deeply committed to delivering sustainable long-term value to its shareholders. The company adheres to transparent, ethical business practices and upholds the highest standards of corporate governance in all its operations.

Strengths and Opportunities

- Strong Distribution Network- over the years the Company has built a reliable distribution network that can reach majority of its potential market.
- Coal remains one of the cheapest sources of energy, especially in developing economies where affordability outweighs environmental concerns.
- Availability and trading of high-grade coal (thermal and metallurgical) gives competitive edge in the markets.

- Use of digital platforms and analytics to optimize sourcing, pricing, and logistics can reduce costs and increase efficiency.
- Rising power demand and industrial consumption.
- Government initiatives promoting coal gasification and clean coal technologies.
- Increasing private sector participation under the commercial mining regime.
- Quality tested products from reputed independent agencies (like SGS, HRT etc)
- As small scale manufacturing units is increasing, the market size is ever increasing.
- As imported coal is washed and cheaper, more and more industries are shifting to this fuel.

Internal Control Systems and their adequacy

Anmol India Ltd believes that internal control is one of the key pillars of governance. It provides freedom to the management within a structure of appropriate checks and balances. The Company has a proper and adequate system of internal financial controls, commensurate with its size and business operation. It ensures timely and accurate financial reporting in accordance with applicable accounting standards, safeguarding of assets against unauthorized use or disposition and compliance with all applicable regulatory laws and Company policies. Internal Auditors of the Company review the internal financial control systems on a regular basis for its effectiveness, and necessary changes and suggestions are duly incorporated into the system.

The Company's internal control environment warrants efficient conduct of operations, security of assets, prevention and detection of frauds/ errors, accuracy and completeness of accounting records, and the timely preparation of reliable financial information.

Financial Performance Overview

During the financial year 2024–25, the Company navigated a dynamic market environment marked by input cost pressures and pricing volatility. Total income for the year stood at ₹1,284.05 crores, compared to ₹1,514.27 crores in FY 2023–24, representing a decline of 15.20%. The reduction in income is primarily attributable to lower offtake volumes and softened coal prices in certain segments.

Net profit after tax declined significantly by 66.55% to ₹6.99 crores, as against ₹20.90 crores in the previous year, primarily due to increased operational costs, lower margins, and higher provisioning for environmental compliance.

Weaknesses and Threats

- Volatility in coal prices and global commodity trends.
- Environmental and regulatory risks, especially relating to emissions and land acquisition.
- Challenges in logistics and availability of railway rakes.
- Long-term demand uncertainty due to the global shift toward renewables.
- Political instability in coal-exporting nations and shipping/logistics issues can disrupt supply
- Heavy reliance on specific sectors (e.g., power and steel) makes the industry vulnerable to sector-specific slowdowns.
- Constant policy changes can disrupt trade and affect profitability.

Human Resources

The Company considers its human capital to be the most important asset and treats its people with respect and dignity in all situations. The team is a balanced mix of experience and youth which allows a holistic approach to varied situations. Employee knowledge enrichment is a core value of the organization, and focus has been placed on training and development of the Company's human capital. Our endeavour is to provide a work environment where continuous learning and development takes place to meet the changing demands and priorities of the business. The Company offers employee-friendly policies, industry benchmarked compensation, learning and career growth opportunities, and empathetic health and safety initiatives so that employees feel motivated to perform at their best.

Our people have always been one of our most valued stakeholders and key differentiators.

Key Financial Ratios

Particulars	FY 25	FY 24	Remarks
Debtors Turnover Ratio	19.99	24.68	The debtor's turnover ratio, also known as the accounts receivable turnover ratio, is a financial metric that indicates how quickly a company collects its debts from customers. While a high DTR generally reflects efficient credit and collection processes, the decline suggests that accounts receivable are taking longer to convert into cash. This could be due to extended credit terms, delayed customer payments, or a shift in the customer base or credit policy.
Inventory Turnover Ratio	16.73	11.32	A higher turnover ratio suggests that inventory is being sold and replaced more frequently, which is generally positive. This improvement may be attributed to better demand forecasting, streamlined inventory processes, or increased sales volume.
Interest Coverage Ratio	1.64	3.17	The interest coverage ratio is a financial metric that measures the ability of companies to pay their outstanding debts. The general rule is that the higher the ratio, the better position a company has to repay its interest obligations; lower ratios point to greater financial instability.
Current Ratio	1.68	1.97	The current ratio describes the relationship between the assets and liabilities of a corporation. A greater ratio indicates that the corporation has more assets than liabilities. The downward movement reflects reduced buffer to meet short-term obligations. This change may be due to increased current liabilities, reduced current assets, or a combination of both.
Debt Equity Ratio	0.38	0.41	This reduction suggests prudent financial management and a conservative approach to leveraging, which enhances the company's financial stability and creditworthiness. A lower debt-equity ratio also reduces the burden of interest obligations, thereby improving profitability and financial flexibility.
Operating Profit Margin (%)	0.02	1.01	The drop in operating profit margin indicates that the company's operating efficiency has significantly weakened. This decline is primarily due to higher operating costs, lower sales prices, or both. It suggests the company is generating almost no operating profit from its revenues, leaving little buffer for interest, taxes, or reinvestment.
Net Profit Margin (%)	0.55	1.39	The fall in net profit margin reflects reduced overall profitability, driven by factors such as lower operating income, higher interest costs, or increased taxes. This means the company is retaining a much smaller portion of revenue as profit, signaling tighter margins and lower earnings efficiency.
Return on Net Worth%	6.47	20.79	The significant drop in Return on Net Worth indicates reduced profitability on shareholders' equity. This decline is primarily due to lower net profits and possibly higher equity base without proportional earnings growth. It suggests weaker returns for investors and reduced efficiency in utilizing shareholders' funds.

Independent Auditor's Report

To The Members of Anmol India Limited

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of Anmol India Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit, total comprehensive income, its cash flows and the changes in equity for the year then ended.

Basis of Opinion

3. We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditors' Response
<p>Revenue Recognition (Refer Note 2.2 (k), 17 and 18 to financial statements)</p> <p>Revenue from the sale of goods is recognized when control in goods is transferred to the customer and is measured net of rebates, discounts and returns.</p> <p>Standards on Auditing presume that there is fraud risk with regard to revenue recognition. Information other than Financial Statements and Auditors report thereon

5. The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

6. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the IndAS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.
7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern

and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility for the Audit of the Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.
10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
12. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are

therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

13. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of sub-section (11) of section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
14. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the statement of change in equity, and the Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements, if any; - Refer Note 30 of the notes to financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like behalf of the Ultimate Beneficiaries.

- (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on such procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
15. With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act.

Annexure A to Independent Auditors' Report

Referred to in paragraph 14(f) of the Independent Auditors' Report of even date to the members of Anmol India Limited on the financial statements for the year ended March 31, 2024.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls with reference to financial statements of Anmol Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial reporting.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding

prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Annexure B to Independent Auditors' Report

Referred to in paragraph 13 of the Independent Auditors' Report of even date to the members of Anmol India Limited on the financial statements for the year ended March 31, 2025

- i (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.
- (B) The Company, during the year under consideration, did not own any intangible assets.
- (b) The Property, Plant and Equipment were physically verified during the year by the Management in accordance with a programme of verification which, in our opinion, provides for physical verification of all the fixed assets at a reasonable interval. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and based on records provided to us for examination, we report that, there are no title deeds, comprising any immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) or intangible assets does not arise.
- (e) Based on information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its financial statements does not arise.
- ii (a) The physical verification of inventory have been conducted by the management at regular intervals during the year and, in our opinion the coverage and procedure of such verification by management is appropriate. No discrepancies were reported during the verification process as confirmed by the management.
- (b) During the year, the company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets; and the quarterly returns or statements filed by the company with such banks or financial institutions are in agreement with the books of account of the Company, the differences, if any are either not material or minor in nature.
- iii During the year the company has provided loans in the nature of unsecured loans to the companies including related parties.
- (a) The company has provided loans whose details are as follows:
- (A) Company does not have any subsidiary, joint venture and associate during the year accordingly, the question of commenting on the aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans or advances and guarantees or security to subsidiaries, joint ventures and associates does not arise.
- (B) The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans or advances and guarantees or security to parties other than subsidiaries, joint ventures and associates is as follows:

S. No.	Details	Aggregate amount during the year (Amt in Lacs)	Balance outstanding at the Balance Sheet date (Amt in Lacs)
1	Share India Fincap Private Limited	5300.00	1508.54 (Credit)
2	CDSL (Security)	0.45	0.45
3	NSDL (Security)	0.45	0.45
4	Jio Infocomm (Security)	0.03	0.03
5	HPCL Mittal Energy Limited	15.92	15.92

- b) In respect of aforesaid loans, the terms and conditions under which such loans were granted are not thoroughly defined in the agreements. However, such loans granted are not prejudicial to the Company's interest.
- c) In respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest have not been stipulated in the agreement terms and conditions however, such loans along with interest are repayable on demand. Such repayments are regular, as and when required.
- d) In respect of aforesaid loans, since repayment schedule is not defined in the agreement terms and conditions we cannot comment if the amount is overdue for more than ninety days, and whether reasonable steps have been taken by the company for recovery of the principal and interest. However, repayments are regular, as and when required.
- e) According to the information and explanations given to us and based on records provided to us for examination we report that there were no loans which fell due during the year and were renewed/extended. Further, no fresh loans were granted to same parties to settle the existing overdue loans.
- f) The company has not granted loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- iv) According to the information and explanations given to us and based on records provided to us for examination we report that in respect of loans, investments, guarantees, and security, the company has complied provisions of sections 185 and 186 of the Companies Act. Further, the company secretary has duly issued compliance certificate in this regard.
- v) The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73, 74, 75 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- vi) Based on information & explanation given by the management, maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013.
- vii) (a) According to the records of the company, undisputed statutory dues including Provident Fund, Investor Education and Protection Fund, Employees' State Insurance, Income-tax, GST, Sales-tax, Service Tax, Goods and Service tax, Custom Duty, Excise Duty, value added tax, Cess and any other statutory dues to the extent applicable, have generally been regularly deposited with the appropriate authorities. According to the information and explanations given to us there were no outstanding statutory dues as on 31st March, 2024 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there is no amount payable in respect of Income Tax, GST, Service Tax, Sales Tax, Customs Duty, Excise Duty, Value Added Tax and Cess whichever applicable, which have not been deposited on account of any disputes.
- viii) According to the information and explanations given to us and the records of the Company examined by us, there are no transactions in the books of account that has been surrendered or

disclosed as income during the year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

- ix
 - (a) According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
 - (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.
 - (c) According to the records of the Company examined by us and the information and explanations given to us, the Company has not obtained any term loans.
 - (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
 - (e) According to the information and explanations given to us and procedures performed by us, we report that the Company did not have any subsidiaries, joint ventures or associate companies during the year. Accordingly, reporting under clause 3(ix)(e) and clause 3(ix)(f) of the Order is not applicable.
- x
 - (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.
 - (c) The Company has not made any preferential allotment or private placement during the year under review. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- xi
 - (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.
 - (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.
 - (c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, the Company has not received whistle-blower complaints during the year.
- xii

As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii

The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.
- xiv
 - (a) In our opinion and according to the information and explanation given to us, the Company has a internal audit system commensurate with the size and nature of its business.
 - (b) The reports of the Internal Auditor for the period under audit have been considered by us.

- xv The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.

Notes to the Financial Statements for the year ended 31st March, 2025

1. Corporate Information

Anmol India Limited ("the company") is a public and listed company incorporated in India having registered office at 2/43, Second Floor, Aggar Nagar, B – Block, Ludhiana, Punjab – 141001, India.

The Company is primarily engaged in trading of coal and other commodities.

2. Significant Accounting Policies

The significant accounting policies applied by the Company in the preparation of its financial statements are listed below. Such accounting policies have been applied consistently to all the years presented, unless otherwise stated.

2.1 Basis of Preparation and Presentation

(i) Compliance with Ind AS

These standalone financial statements ('financial statements') of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Company has uniformly applied the accounting policies during the periods presented in these financial statements.

The Financial Statements are presented in Indian Rupees which is also the functional currency of the Company, and all values are rounded to the nearest Lakh (C00,000), unless otherwise stated. Certain amounts that are required to be disclosed and do not appear due to rounding-off to the nearest Lakh (C00,00), unless otherwise stated are expressed as 0.00.

(ii) Historical cost convention

The financial statements have been prepared on an accrual basis and under the historical cost convention except certain financial assets and liabilities are measured at fair value by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(iii) Classification of assets and liabilities

The classification of assets and liabilities into current and non-current, wherever applicable, are based on normal operating cycles of business activities of the Company, which is twelve months.

2.2 Summary of Significant Accounting Policies

a) Property, plant and equipment

Freehold land is carried at historical cost. All other items of Property, plant and equipment are shown at cost, less accumulated depreciation and impairment, if any. The cost of an item of property, plant and equipment comprises its cost of acquisition inclusive of inward freight, import duties, and other nonrefundable taxes or levies and any cost directly attributable to the acquisition / construction of those items; any trade discounts and rebates are deducted in arriving at the cost of acquisition.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of profit or loss during the reporting period in which they are incurred.

b) Capital Work in Progress

Property, plant and equipment under construction are disclosed as capital work in progress.

c) Depreciation and amortization

Depreciation on property, plant and equipment is provided using the written down value method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 where useful life is different than those prescribed in Schedule II. The residual values are not more than 5% of the original cost of the asset.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

d) Impairment of assets

At the date of balance sheet, if there are indications of impairment and the carrying amount of the cash generating unit exceeds its recoverable amount (i.e. the higher of the fair value less costs of disposal and value in use), an impairment loss is recognised. The carrying amount is reduced to the recoverable amount and the reduction is recognised as an impairment loss in the profit or loss. The impairment loss recognised in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

Reasonable assumptions are made by the management in estimating the value-in-use and fair value less costs of disposal. Management has considered the indicators required for impairment testing and estimated reliably that there is no impairment loss for the purpose of Ind AS 36 and AS 28.

e) Finance Cost

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

f) Inventories

Items of inventories are measured at lower of cost or net realizable value after providing for obsolescence, if any.

Cost of inventories comprises of cost of purchase and other directly attributable costs net of recoverable taxes incurred in bringing them to their respective present location and condition.

g) Provisions, Contingent liabilities and contingent assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably.

All known Liabilities, wherever material, are provided for and Liabilities, which are disputed, are referred to by way of Notes on Accounts.

h) Employee Benefits Expense

Short Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the

services rendered by employees is recognized as an expense during the period when the employees render the services.

Post-Employment Benefits

Defined Benefit Plans

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation.

The liability in respect of gratuity and other post-employment benefits is as per actuarial valuation and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

i) Taxes on Income

Provision is made for income tax liability estimated to arise on the results for the year at the current rate of Tax in accordance with Income Tax Act, 1961.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

j) Foreign currencies transactions and translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of custom clearance (as per Bill of Entry) for import of goods.

Exchange differences arising on settlement or translation of monetary items are recognized in the Statement of Profit and Loss.

k) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable net of discounts, considering contractually defined terms and excluding taxes or duties collected on behalf of the government.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer which is usually when the goods are loaded in vehicle and are ready for dispatch after clearance. No revenue is recognized if there are significant uncertainties regarding recovery of the amount due, associated costs or the possible return of goods.

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

Fixed Deposits

Fixed deposit interest is accounted as per statement/documents issued by banks inclusive of related tax deducted at source.

Revenue from rendering of services is recognized when the performance of agreed contractual task has been completed.

l) Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per company's normal operating cycle and other criteria set out in the Schedule III to the Act.

m) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of twelve months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

n) Trade receivables

These amounts represent assets for goods and services provided by the Company prior to the end of the financial year which are unpaid by the customers of the company.

o) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share, if any. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to consider the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

p) Segment reporting

The Company is engaged in the single operating segment which is trading. There are no separate reportable segments as per Ind AS 108 - Operating Segments.

q) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid within the credit period allowed. Trade and other payables are presented as current liabilities unless payment is not due within twelve (12) months after the reporting period.

r) Offsetting

Financial Assets and Financial Liabilities are offset, and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

s) Cash flow statement

Cash flows are reported using the indirect method, whereby profit/ loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the Company are segregated.

t) Financial Instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

**Initial Recognition:**

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Amortised Cost:

A financial asset shall be classified and measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through OCI:

A financial asset shall be classified and measured at fair value through OCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through Profit or Loss:

A financial asset shall be classified and measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through OCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification and Subsequent Measurement: Financial liabilities

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities.'

Financial Liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL:

Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial Liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

**Impairment of financial assets**

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. The Company assesses on a forward-looking basis the expected credit loss associated with its assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of a simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

De-recognition of financial assets

The Company de-recognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

2.3 Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of the Company's Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the next financial years.

- 2.4** In the opinion of the Board of Directors, the Current Assets, Loans and Advances are approximately of the value stated if realised in the ordinary course of business. The provision for all known liabilities is adequate and not in excess of the amount reasonably necessary.

2.5 Micro Small and Medium Enterprises

The Company has called for complete information from all the vendors during the year regarding their status as small-scale/micro industrial undertaking however, response from most of them is still awaited and based on information received regarding the status of the vendors there are no amounts outstanding for more than Rs.1,00,000/- for more than 30 days.

- 2.6** The figures of the previous period/year have been regrouped/reclassified to make them comparable with those of the current period/year wherever considered necessary.
